II. Purpose of Addendum

On 12/15/2022 licensee Sherri Turner submitted a written request for a modification in a change in the use of space. Ms. Turner stated she wanted Bedroom #1 to allow two residents rather than one as it does at this time.

III. Methodology

On 12/09/2022, I received a telephone call from a facility direct care staff member explaining a resident who uses the basement bedroom is now having difficulty getting up and down the stairs. The direct care worker on duty inquired about double occupancy in Bedroom #1 since it was so large.

On 12/09/2022, I conducted a review of the facility file which documented in the Original Licensing Study Report that Bedroom #1 is 176 square feet. This is more than ample square footage to accommodate two residents.

On 12/09/2022, I sent an email to licensee designee Sherri Turner and administrator Tracie Shier explaining the process to modify the license.

On 12/15/2022, licensee designee Sherri Turner submitted a written modification request to change the use of space for resident Bedroom #1. Ms. Turner also understood that resident Bedroom #1 can accommodate two same sex residents or one married couple.

IV. Description of Findings and Conclusions

On 12/15/2022, I talked with licensee designee Sherri Turner who requested that her license be modified to include that bedroom #1 can accommodate two same sex or a married couple in this space that is 176 square feet. Licensee designee Sherri Turner agreed that she would not exceed the licensed capacity of 6 residents in the home at any time. On 12/15/2022, licensee designee Sherri Turner submitted a written request for this change in the use of space.

V. Recommendation

I recommend that the license be amended to reflect the change in the use of space for resident Bedroom #1 to accommodate two same sex residents or a married couple in this space that is 176 square feet.
